**Coca-Cola secret recipe revealed?**

For almost 125 years, the recipe for Coca-Cola has been a (1) ..... . Since then people have been (2) ..... about the secret recipe and this has been good for business.

Today, only two Coke executives know the recipe, neither of (3) ..... can travel on the same plane in case the secret dies with them.

Now, one of America's (4) ..... famous radio broadcasters says he has discovered the Coke secret. Ira Glass, presenter of a radio programme, says he has found a copy of the recipe. The original is still supposedly (5) ..... in a bank in Atlanta, in a burglar-proof room.

The formula was created (6) ..... John Pemberton, an Atlanta chemist who made cough medicines and other drinks in his spare time. In 1887, he sold the recipe to a businessman who (7) ..... placed it in the Atlanta bank for safekeeping.

The rediscovered recipe includes the following ingredients: extract of coca leaves, caffeine, plenty of sugar, lime juice, vanilla (8) ..... caramel.

Coke's secret recipe is (9) ..... partly a myth. The recipe has, in fact, changed substantially over time. Cocaine, a legal drug in Pemberton's time, was removed from the drink in 1904. Extract of coca leaves is still used but only after the cocaine (10) ..... been removed. In 1980, the company largely replaced sugar with a cheaper sweetener that is often found in American food and drink. However, passionate Coke fans were not impressed by this change.
